Starting out in 1976, we knew the challenges ahead. We knew that we had to keep up with the developing technology, changing time and increasing workforce and take more innovative steps without sacrificing quality... While we were determining our goals and the point we wanted to reach, we had only one thought, which was to proceed confidently and firmly without sacrificing quality and unconditional customer satisfaction.

We have established our machinery opportunities provided by today's technology. We have closely followed the developments and included the necessary machinery.

Bat

Aiming to provide end-to-end solutions to its customers in the packaging industry, Batuhan Grup Ambalaj carries out its works by considering unconditional customer satisfaction.
